

CURRICULUM VITAE

Name: Benedict Marius Selladurai
Date of Birth 21st November 1946
Citizenship – Malaysia

Present Position (Since 2006)

Senior Consultant Neurosurgeon
Ara Damansara Medical Centre,
Subang Jaya Medical Centre, Selangor

Former Positions :

1993-2006 Professor ,Division of Neurosurgery
National University of Malaysia (UKM)
Kuala Lumpur
1990-1993 Associate Professor ,Division of
Neurosurgery
Universiti Sains Malaysia (USM)
Kubang Kerian

Awards -

British Medical Association – Highly recommended Title 2008 for Publication “Head Injury- a comprehensive guide for initial management” published by McGraw-Hill (Sydney) in August 2007. Authors Dr B.M.Selladurai, Prof Peter Reilly, at the Annual Book Awards, in 2009

Dr P.S.Ramani Oration awarded by Neurotrauma Association of India, 2008 “Recent advances in Neurotrauma”

Dr Mohandas Memorial Oration for 2001, by The Neuroscience Society of Malaysia, 21st July 2001 “Surgery for Temporal Lobe Epilepsy”

Sir A M de Silva Oration and Gold Medal awarded by College of Surgeons of Sri Lanka, at the Annual Sessions in January 1990, for “Microsurgical Techniques in management of Myelopathy due to Cervical Disc Disease - a 9 year experience in Sri Lanka”.

Sir S C Paul Oration and Gold Medal awarded by Sri Lanka Medical Association at the Annual Sessions, March 1985, for “Surgical Management of Pituitary Tumors - Current progress, Challenges of the future in Sri Lanka”.

Dr. S C Seneviratne Award for “Transsphenoidal surgery of Pituitary Tumours” Sri Lanka Medical Association , September 1981

Authorship of Books

I am the first author of the book “**Head Injury- a comprehensive guide for initial management**” published by McGraw-Hill (Sydney) in August 2007. The second author is Prof Peter Reilly, Prof of Neurosurgery, Royal Adelaide Hospital, Adelaide (a renowned authority on head injury

management) This text is designed for institution of optimal initial in-hospital care of head injured patients, based on the best available scientific, evidence-based methodology. **This book was awarded a “Highly recommended title” by the British Medical Association, at the Annual Book Awards, in 2009 .**

Invitations to speak at centres of excellence/International Conferences

1. **Invited Speaker , Department of Neurosurgery,Radcliffe Infirmary, Oxford, England**
 10th June , 2011 “Epilepsy Surgery in Children”
 11th November 2011 “Decompressive Craniectomy in Trauma”
 1st June 2012 “Surgery of Temporal lobe Epilepsy”
2. **Invited Speaker , Neurotrauma Society of Asian Australasian Neurological Surgeons 2014,2015**
3. **Invited Speaker , Asian Australasian Society of Paediatric Neurosurgery, 2015**

Areas of Subspecialization

- **Epilepsy Surgery**
- **Functional Brain Mapping**
- **Skull Base Surgery**
- **Neurotrauma**

Clinical Research

1. ***Prediction of Outcome in Severe Head Injury(1990-1992)*** results published in British Journal of Neurosurgery. 1992
2. ***Diffuse Axonal Injury (1991-1992)*** – results published in Journal of Clinical Neuroscience ,1995
3. ***Outcome of head injury in children (1994-1995)*** – Results published in journal Pediatric Neurosurgery in 1996
4. ***Coagulopathy in acute head injury(1994-1997)*** - a study of 204 patients investigating the role of coagulopathy in determining outcome. Results were presented at The International Conference for Recent advances in Neurotraumatology,Rimini,Italy,1996 and has been published in the British Journal of Neurosurgery in 1998
5. ***Application of Sophisticated MRI techniques in investigation of patients with Epilepsy (in progress)*** – Application of Sophisticated MRI techniques such as 3D surface reconstruction and Curvilinear Reformating, functional MRI and Diffusion Tensor Imaging in demonstrating pathology and eloquent function, in patients with Epilepsy, which are not demonstrated in conventional MRI Scans
6. ***A study of Quality of life outcome of 120 patients who underwent epilepsy surgery*** - In conjunction with Healthcare Performance Measurement & Reporting System of Malaysia (HPMRS). **(completed in May 2018, awaiting publication)**
