

Dr Sharon Casilda Theophilus

Dr.Sharon Casilda Theophilus is a Consultant Neurosurgeon in Hospital Sultanah Aminah Johor Bahru. Interestingly she happens to be the first woman neurosurgeon to practice as a Neurosurgeon in Malaysia. She is also a Sessional Lecturer for Monash Malaysia Medical University since 2009 and visiting lecturer at Medical Faculty University of Newcastle Malaysia since 2012. She actively trains residents in neurosurgery in her hospital and in workshops organized by various education committees.

Her special interests are in Vascular, Base of skull and Functional Neurosurgery. She is part of the Ministry of Health Multidisciplinary Epilepsy Committee. She is also actively involved in the Training of Nurses and sits in the Examination Board for Advanced Perioperative Nursing Diploma.

Presently she is part of the Executive Committee in the Neurosurgical Association of Malaysia. She also represents the welfare of Women Neurosurgeons in Malaysia. She actively participates in Women IN Neurosurgery (WINS) and hopes to continue to inspire many capable women doctors aspiring to be surgeons.
